

QA Inspector

SIX SIGMA, an industry leader in electronic component interconnect technology and related test & failure analysis services, is seeking a technical, quality-conscious, detail-oriented inspector to join our Quality Assurance team in Milpitas. If you are passionate about ensuring things are done right, logical, a team player, and thrive in a small company environment where your individual contribution is highly visible, then we want to talk to you! Our candidate must have a US lawful permanent resident status or US citizenship.

Main Duties and Responsibilities:

As our swing shift (Mon - Fri, 3:30PM – 12:00AM) QA Inspector, you will ensure that all our services and products live up to our name. You will provide quality assurance inspection and audits for our production lines including, but not limited to, incoming and outgoing QA gate (paperwork review & sample visual inspections using a microscope); production line audits; disposition of nonconforming material; participate in MRB & CCB; generate and approve certificates of conformity; coordinate analysis of solder; incoming inspection of raw materials; perform various failure analysis testing; participate in implementing efficiency improvements and solutions.

This position requires a high school diploma (or equivalent) plus at least 3 years of related experience in quality preferably in the semiconductor or PCB assembly field plus excellent vision & judgment skills.

No relocation fees will be considered.

Qualified candidates please send cover letter and resume to hr1@solderquik.com or fax to (408) 956-0199 attention Human Resources.

Winslow Automation, Inc/SIX SIGMA is an Equal Opportunity/Affirmative Action Employer.
