The following organization's quality management system has been assessed and registered by Intertek Testing Services NA, Inc. as conforming to the requirements of:

AS/EN/JISQ9100 – Revision B and ISO 9001:2008

Organization:

Winslow Automation Inc.

dba Six Sigma

Main Site: 905 Montague Expressway, Milpitas, California, 95035, USA

The Quality Management System is applicable to:

The alteration and testing of microelectronic components to increase reliability, mitigate tin whiskers, or achieve RoHS compliance. Services include: robotic hot solder dip, column attach, ball grid array (BGA) to column grid array (CGA) conversions, ball attach, BGA reballing, and trim & form. Testing includes: solderability, fine & gross leak, bond pull, ball shear, XRF, failure analysis, and mark permanency. Products include BGA preforms for ball attach or alloy conversion.

The assessment was performed in accordance with the requirements of AS9104A. Intertek is accredited under the Aerospace Registrar Management Program.

In the issuance of this certificate, Intertek assumes no liability to any party other than to the Client and then only in accordance with the agreed upon Certification Agreement.
